SCIENCE

British Science week is taking place between 7th - 16th March. This year's theme is 'change and adapt'. We will be launching our Science week with the visiting planetarium on Thursday 6th March and will have a focused Science day on Thursday 13th March with a variety of Science activities. I'm sure the children will tell you all about the 'wonderdome' after the visit on Thursday and there may also be some pictures added to Tapestry.

ART EXHIBITION

We warmly invite you to join us for our upcoming Art Exhibition! This is a wonderful opportunity to celebrate the creativity and hard work of our students. All of the children's sketchbooks will be displayed in the hall, and our art guides will be on hand to talk you through the processes and learning behind each piece. We hope you enjoy seeing the journey of our young artists! We will also be offering tea and coffee for our visitors, making this a lovely chance to come together as a school community. We are really looking forward to sharing this creative learning experience with you and hope to see as many of you there as possible. This event will take place in the hall between 1.45 and 3pm.
